

INTERNATIONAL CONGRESS ON
EPIDURAL SPINAL CORD STIMULATION
in movement and vascular disorders

Groningen, The Netherlands
June 1-3, 1989

Dear colleague.

The European Workshop of Neurostimulation has the intention to establish an International Neurostimulation Society (INS). At the International Congress on Epidural Spinal Cord Stimulation in Groningen, The Netherlands, the organisation structure of such a Society has been discussed.

It should be an International Association in which each country has its own members.

The preliminary board of the Dutch Society will organize the first meeting of the representatives of the National Societies which will take place the first week of March in Paris, France.

Will you please try to organize a National Society or Workgroup and give us the names and addresses of your members, your board and your Nationale representative.

The secretary of the Dutch Society will function as the preliminary general secretary.

Please reply before the 15th of January 1990.

Yours Sincerely,

Dr J.C. Sier, vascular surgeon.

Adress:
Dr J.C. Sier, vascular surgeon,
P.O. Box 40551,
2504 LN The Hague,
The Netherlands.
