WELCOME MESSAGE

Distinguished guests, ladies and gentlemen,

It is great honor and pleasure to me to announce the 4th Congress of Chinese Neuromodulation Society will be held at Asia International Hotel, in November 16-17, 2013, in Guangzhou, China. I hereby extend our sincere gratitude to you and people who have supported neuromodulation enterprise all along. Meanwhile, we would like to express our warmest welcome to all of the deputies and guests.

This congress is held according to spirit of the board meeting of the 11th Congress of International Neuromodulation Society (INS), which aims at encouraging local country chapters to co-operate and communicate actively so as to accelerate the advancement of neuromodulation worldwide. Since the Chinese Neuromodulation Society founded in 2010, our Neuromodulation career was developed steadily and rapidly advanced with the common leadership and efforts of the CMDA and professionals.

As the host unit of this congress, we will provide the dense academic atmosphere, build a professional study and communication platform. The sessions, like lecture, symposiums and advanced educational programs, cover almost all aspects of neuromodulation. We are confident that you will enjoy an academic feast during the conference. We hope that neuromodulation will have splendid prospects.

Here, I make one invitation, sincerely welcome you to join us, looking forward you in Guangzhou.

Shizhong Zhang, M.D. & Ph.D
Executive chairman,

4th Congress of Chinese Neuromodulation Society

Guoming Luan, M.D. & Ph.D

President, Chinese Neuromodulation Society
